OUR THREADS FOR 2023!

MATCH JERSEY

The new **Stepwells Design** is in line with our vision at the **Royal Rajasthan Foundation** where water conservation remains one of our primary focus areas.

The Stepwells Design

Inspired by the world-famous **Stepwells (Baories)** of Rajasthan, our design is a tribute to the rich lineage that is prevalent in the **forts** that decorate our home state.

History

These Stepwells have been a part of our culture for over a **thousand years.**

The Pattern

The perfectly **geometric descending** and **interlocked steps** create this series of cascading terraces.

TRAINING JERSEY

- The jaali design for the training jersey is influenced by the traditional architecture found across Rajasthan. It comes from the Sanskrit word for 'net'.
- This design is mainly carved on the doors and windows to beat the extreme heat conditions in the area. It has a rich cultural legacy including artistic and cultural traditions that reflect their heritage.

HALLA BOL - OUR OFFICIAL SONG

Composed and sung by the renowned Amit Trivedi, featuring the iconic Mame Khan, our new official song 'Halla Bol' is the perfect blend of traditional Rajasthani folk music and modern-day art, offering a refreshing tribute to our Royals.

A Hindi phrase that means "raise your voice", the song is intended to become an iconic part of our identity. We hope it inspires fans to cheer on the team with passion and enthusiasm with its rousing chorus and catchy beats.

MEET THE 'SUPER ROYALS'!

As a franchise, one of our core values is 'always being fan-first', which means that we always try to go above and beyond the norms of a regular fan-franchise relationship. The Super Royals - our superfan program - is a thriving example of that. The only qualification required to be a Super Royal is to embody the team through and through and be passionate while you're at it. This exciting group features people of all age groups from different walks of life, including children till the age of 14, who constitute the Junior Super Royals. The fans are social, flamboyant, opinionated yet respectful, and are true ambassadors of the franchise.

Here's a snapshot of how these Super Royals have journeyed with us over the years!

A ROYAL HOMECOMING

Returning to our home city of Jaipur after almost 4 years, our Royals were welcomed in typical Rajasthani style amid traditional folk dances. They were greeted with specially customised pink handmade stoles. These stoles have been woven by the empowered women of Jaipur's urban slums, supported by the [Royal Rajasthan Foundation's](#) livelihoods program.
